Ryerson University’s Department of Architectural Science

Winter Lecture Series 2013

Ryerson’s Department of Architectural Science is pleased to announce the second installment of the Lecture Series titled “MATTER” in Winter 2013 featuring: Architect Viktors Jaunkalns of MJMA Architects, Lola Shephard and Mason White of Studio North, Toronto; Toronto; Hans Vermeulen of DUS Architects from Amsterdam; Structural Engineer Jane Wernick of Wernick Associates, London; Landscape Architect and Architect Sienna Bainbridge of MASS Design Lab from Boston, Kigali, and Port au Prince; and Urbanist and Professor Nina Marie Lister of Ryerson Toronto, and the GSD Harvard.

We thank, the Consulate General of the Netherlands in Toronto for sponsoring Hans Vermeulen of DUS Architects, winners of the Amsterdam Award for the Arts 2011 and the TSA for sponsoring Architect Viktors Jaunkalns of MJMA. Nina Marie Lister will be this year’s Annual Margery Winkler Lecture Series speaker sponsored by the Margery Winkler Foundation.

Jane Wernick comes courtesy of the SSEF (Steel Structures Education Foundation) and is the designer of the London Eye and the Oslo Opera House.

The Department of Architectural Science also wishes to thank Ryerson University, Thames Valley Brick, the OAA and the RAIC for their contributions to this series.
